OpenNSFW SFX Pack

This sound pack was founded with the goal of giving accessible studio quality NSFW SFX to **all content creators at no cost.** We only **require** adherence to this terms document as well and to attribute/credit the sound pack [see below.] We rely on all creators to promote our contributors. In return you are free to use audio on any legally permitted medium, including but not limited to: videos, games, erotic stories, modding, Virt-A-Mate and many more! All audio released is directly sourced from respective sound engineers to insure that audio can be used in any works whether commercial or otherwise.

If you are a voice actor, foley artist, etc. and want to be involved in the pack please [fill out this form](#). We hope that you view being part of the pack as a form of collaboration on a larger scale. We will do our best to make sure that creators promote pack contributors and will do our best to highlight your works in a way that we hope proves beneficial. If you have any questions please contact [@OpenNSWSP](#).

Terms – General

- The user who intends to use package must read this document in its entirety. Upon agreeing to adhere to this document in its entirety - the user is then granted a non-exclusive, worldwide, perpetual license to incorporate the audio content in any form of media production without any requirement for compensation.
- If you tag a sound designer please ALWAYS tag as **SFX PACK.** See attribution for more details.

- Please do not contact any of our contributors/performers directly for any reason related to sound package. Please always contact [@OpenNSFWSP](#)
- No third parties are allowed to repackage the sound pack under a different brand, identity and/or make part of a mega-package. Any attempts of doing so will be met with take downs and/or legal consequences.
- You agree not to engage in hostile actions towards OpenNSFW, its contributors or voice actors, including but not limited to acts of harassment and/or attacks on our policies. - We give full creative control to authors other than any exclusions mentioned in this document as long as they follow their respective law. However if you have reason to believe content may be viewed as offensive even if legal, please just attribute pack without contributor information – this only applies to this exclusion.

Terms – Twitter Attribution

We wish to see all projects using the pack that are posted on twitter and help promote your content. You can use your own judgment but please credit pack/SFX appropriately.

Examples:

SFX Pack: @pixelcarnagee | @OpenNSFWSP

SFX Pack: @SquishSuccubus @pixelcarnagee @OpenNSFWSP

- **We realize that writing multiple SFX creators in a twitter post is not ideal.** For **smaller projects/loops** it is permissible to just credit pack - **@OpenNSFWSP**. For anything larger and/or with credits section please include our contributors.
- If there is a possibility that your media post **may be deemed offensive or outside twitter's [Terms of Service](#) - do not include any**

creators/performers/contributors information on post.

- Attribution is preferred on same page as content but is always permissible to write in comments.
- Do not contact anyone asking for retweets.

Terms – Attribution Etiquette - Credits [Commercial/Non-Twitter releases]

Please write credits like you would normally but credit any individuals using twitter names. We find this is the easiest way for people to be reached/credited. Please always include that this is a SFX pack.
